

WB-2007A Double-wire Forming/Binding Machine

■ WB-2007A 双线圈装订联机

技术参数
可装订纸张宽度: 75mm-520mm
可装订双线圈规格: 3/16" 3/8" 1/4" --- 9/16"

Paper width range : 75mm-520mm
Max binding width : 507mm
Types of double wire : wire diameters ranging from 3/16" to 9/16"
in both 3:1 and 2:1
Work speed : up to 25 books per minute
Worktable dimension(widthxdepth) : 600mmx300mm
Power : 220V/1PH/50Hz
Air compressor(provide by customers) : 1.5KW
Air pressure(bar) : 6~8
Main machine dimension(widthxdepthxheight) : 1030x770x1200
Weight : 220kg

The machine is widely used for binding of notebook, workbook, calendar and so on. It has the functions of automatic cutting, skip binding(up to nine-step), spiraling and closing, so the workers can be saved and waste can be reduced. The machine uses imported step-servo motor, touch screen, electronic parts and pneumatic component. Optional hanger attachment.
